

To whom it may concern.

This document has been provided by Paul Reed Smith Guitars as proof of authenticity for one PRS, serial number 204727. This guitar is a prototype of the Private Stock McCarty Singlecut.

Paul Reed Smith – Private Stock McCarty Singlecut:

Named after Paul's mentor and a legend in the guitar industry, the Private Stock McCarty Singlecut is a direct reflection of Ted McCarty's work in the 1950's on solidbody guitars and everything he taught Paul decades later. It is simultaneously a look back to the golden age of guitar building, the culmination of Paul's experience studying vintage guitars, and PRS's history making McCarty instruments. With a thicker back for a more robust tone and "flat jumbo" fretwire lightly ground down to feel like an "old friend," the Private Stock McCarty Singlecut embodies vintage tone and classic feel.

Manufacturer Part Number (MPN): AR0325 - Prototype PS McCarty Singlecut

Product Specs:

Top Wood	Carved European Figured Maple
Back Wood	Mahogany
